Foundation Awards Gift

CEDARVILLE, OHIO — Cedarville College received \$4,530 in 1970 through the General Electric Foundation's Corporate Alumnus Program, according to a Foundation announcement.

The school was among 802 colleges and institutions of higher learning benefiting last year from the Corporate Alumnus Program, through which 7,359 General Electric employees contributed \$672,461 to colleges and universities.

The Foundation matched \$518,015 of that amount, bringing total Corporate Alumnus Program support for schools in 1970 to \$1,190,477.

The Program permits individual G-E employees to contribute up to \$2000 per year to colleges and universities, with contributions matched by the Foundation on a dollar-for-dollar basis. The total eligible for matching to any one institution is limited to \$25,000 per year.

Any employee who has been with the Company at least a year may contribute to any two or four-year institution, public or private, including graduate and professional schools, and need not have attended the school to which the gift is made.

Since 1955, when General Electric pioneered the gift-matching program, schools have received \$13,848,321 through Corporate Alumnus Program contributions and matching grants. During that same period, more than 450 other companies and foundations have established similar gift-

matching programs to aid educational institutions, and, according to Dr. Donald J. Watson, Secretary of the General Electric Foundation, "It is now estimated that upwards of \$80,000,000 has been contributed to colleges and universities through these programs.

"Most colleges have praised gift-giving as an incentive to more and greater alumni support," Dr. Watson said, "as well as a source of unrestricted funds."

Experiences Aid New Dean

by Georgeanna Axiotes

"A package of goals garnered from a stepping stone career" is only one definition of Mrs. Virginia Ertle, Cedarville's new Dean of Women.

The new dean possesses varying degrees of career experience which she feels was the Lord's way of preparing her for her present position. She received her B.A. from Grace College and her Masters in counselling from Western Michigan University. She has taught elementary school and has been a counselor at both the elementary and the secondary levels.

Her personal interests in reading, camping, music, and sports compliment her occupation as well, in that they allow her to meet and to get acquainted with other people.

Looning ahead to what she hopes to accomplish this year, one of Mrs. Ertle's immediate goals is to change the attitude of students toward a dean of women, sometimes thought of as a person who is trying to restrict the co-ed's freedom to be herself. The new dean prefers to be thought of as a personal friend and counsellor.

Having had past experience as a co-ed herself, Mrs. Ertle would like to help the young ladies at Cedarville to become more aware of themselves as women; so that their self-images might improve. In Mrs. Ertle's opinion, a young lady should always put her best foot forward as a Christian, and the best place for her to begin is at Cedarville.

Groundbreaking Planned for Saturday

Groundbreaking of the new science building, crowning of the homecoming queen, and a sky diving display are only a few of the events scheduled for Homecoming weekend at Cedarville College, October 15 and 16.

The weekend will begin with an All School Variety Show, Friday night. Following the variety show, there will be a pep rally at the lakeside, weather permitting. The rally will feature cheers and an introduction to the members of the soccer team.

Launching the Saturday events will be the Homecoming parade at ten o'clock. According to Ken Nichols, parade marshal, the parade will include Congressman Clarence J. Brown of the Ohio Seventh District, the Ohio State University Scottish Pipes and Drums, class floats, Homecoming Queen and her court, the soccer team, other bands and village officials. The parade will end at the Alumni Center, west of the library.

Immediately after the parade, Dr. James T. Jeremiah will preside at the groundbreaking ceremonies for the new science building, the most recent construction project of the college. Participants in the groundbreaking proceedings will

include President Jeremiah, Congressman Clarence J. Brown, Dr. Clifford Johnson, academic dean; Dr. Donald Baumann, chairman of the science department; Lee Turner, Director of Development; and Rev. Thomas Younger, college trustee. The science building is being constructed by gifts received over the past few years. It is slated for completion next fall.

Following the groundbreaking program, there will be a cross-country meet between Cedarville and Northern Kentucky State College. Next on the agenda is a sky diving exhibition by members of the Greene County Parachute Club. It will be held at the lakeside.

Cedarville's soccer team will meet the University of Cincinnati on the soccer field at three o'clock. During the half-time ceremonies, Ralph Perkins, president of the student body, will present the Homecoming Queen and her court. Also at half-time, the president of the Alumni Association will present the awards for the float competition.

Concluding the full weekend of events will be the New Student Talent Night, sponsored by the Student Body Project. It will be held in Alford Auditorium at eight o'clock, Saturday evening.

Six New Faculty Members Join Cedarville College Family

Two Cedarville alumni are among the six new faculty members appointed to various positions on the Cedarville College campus this fall.

Assuming the position of Assistant Professor of Marketing and Management, Mr. James Seaman received his B. S. degree in Economics from Cedarville College in 1968. His Masters Degree was earned from the University of Dayton, and his dissertation is pending toward his Ph. D. in Business Education and Management from the Ohio State University.

Mr. Seaman gained teaching experiences from positions in the Columbus public high schools and from one year at Central State University. He holds professional memberships in the American Marketing Association, American Management Association, American Association of University Professors Association and the National Business Teacher Association. He also holds honorary society

Mr. Anderson

ary society and is listed in "Who's Who Among Students in American Colleges and Universities." He also performs as a vocalist and accompanist.

Another new faculty member in the music department, Miss Judy Strickland comes to Cedarville upon completion of her Masters degree in piano from North Texas State University. She graduated from Samford University in Birmingham, Alabama, in member of Delta Omicron Music 1969, with a B. M. degree in piano. Miss Strickland has been active as choir director and church pianist in her Dallas, Texas church, and she is also a fraternity.

An addition to the Speech

Department at the college is Associate Professor of Speech, Mr. Marlin Rayburn. Mr. Rayburn attended Philadelphia School of the Bible before continuing his undergraduate studies at Wheaton College, Wheaton, Illinois. He received his Masters degree in Speech from Wayne State University, Detroit, Michigan, and has done further post graduate studies at Eastern Michigan. A pastor and missionary for 28 years, Mr. Rayburn comes to Cedarville from Bible Baptist College, Clarks Summit, Pennsylvania.

Selected as Chattanooga's "Teacher of the Year," Mrs. Pat Dixon holds responsibilities in the English department. As Assistant Professor of English, she received her undergraduate degree from Tennessee Temple in Chattanooga and in 1970, completed her requirements for a

Mr. Seaman

membership in the Delta Pi Epsilon Business Fraternity.

A graduate of Cedarville in 1970, Mr. Lyle Anderson, Instructor of Music, served in the music department of Ambassador Bible Institute in London, Ohio, for one year. While at Cedarville, he worked as student director of the College Choir and as assistant in the music theory department. Mr. Anderson is a member of the Delta Sigma Alpha music honor-

From the Editor's Desk

"A successful man is one who has decided to succeed, and then works at it."
"A failure is a man who has decided to succeed and then only wishes."
"A decided failure is one who has failed to decide anything and then just waits."
—unknown

Throughout our lives, we identify with things, with people, and with ideas. Our nature to identify encompasses every aspect of our life — our social well-being, our moral convictions, and most importantly, specific goals in life.
As Christians, we should be cognizant of the fact that God, indeed, has a special goal for each of us. He leads, yet how we follow demands identification with one of the following ideas.

The third principle mentioned above, that of indecision, or no decision, can wash out the road to a successful life. By failing to decide, even something as routine as study time, may mean we miss a preparation God has planned for us. Failing to decide a goal, even a short-term goal, destroys interest, destroys motivation, and, as a Christian, destroys effectiveness.

Any college student is capable of the decision to fail. He may desire success, he may covet success, yet he will never be a success. Wishing and hoping never passed an exam or led a soul to Christ. God's command to "study to shew thyself approved" can not be translated to "wish thyself approved."

"A successful man decides to succeed and works at it." The key to success is identification with this first principle. It has been said that anything worthwhile takes time, work, and sacrifice. How true! In order to succeed, a man must decide to succeed and diligently work — that being a God-given principle for our lives.

Yes, we are commanded to seek God's will, which is synonymous with success, not by waiting, or by wishing, but by working.

THE TELEPHONE
(Author Unknown)

I have just hung up; why did he telephone?
I don't know. . . . Oh! I get it. . . .
I talked a lot and listened very little.
Forgive me, Lord; it was a monologue and not a dialogue.
I explained my idea and did not get His;
Since I didn't listen, I learned nothing,
Since I didn't listen, I learned nothing,
Since I didn't listen, we didn't communicate.
Forgive me, Lord, for we were connected,
And now we are cut off.

THOUGHTS
by Susan Leonard

A chatterbox is a person who talks continually, without interruption. The emphasis of this devotional is chatterbox prayer.

"Be still and know that I am God. . ."
—Ps. 46:10 A

The phrase, "be still," suggests a sense of silence—free from noise.

God wants His children to talk to Him, but it is also necessary at times for us to forget about all of our ideas, plans, and questions, in order to listen to the "still small voice." Shut your ears to every sound. Get as near to God as you can.

"Be still and know that I am God. . ."
—Ps. 46:10 A

Whispering Cedars is published bi-weekly by the students of Cedarville College. The opinions expressed herein are those of the writers and do not necessarily reflect the attitudes or opinions of the faculty or administration.

President Welcomes Students

Dear Students:
It is good to see all of you here on the campus. The summer school session kept things "alive" most of the summer, but there was little activity on the campus during the last few weeks of August. We are grateful to have you back and a special welcome to all the freshmen and transfer students who have joined us for the first time this year.

The administration and the maintenance department of the College have sought to improve many of the facilities on campus during the past summer. This winter the men living in Bethel, Patterson, and Williams will be able to close the windows and keep warm! (I am sure that will be a new and welcome experience.) Carpeting in the hallways of these buildings should make living a little bit better, too.

All of you are looking forward to Homecoming and at that time we are planning groundbreaking ceremonies for the new science building. Hopefully, within the year this building will be completed and ready for use. We will soon start the remodeling of the present science building. New windows will be installed and other changes will be made to greatly improve the appearance and usefulness of this building.

We are endeavoring to invite challenging chapel speakers for your Spiritual blessing. The Bible Conference with Dr. Charles Ryrie has been a help to you, I am sure. Hopefully, you are occupied in some area of Christian service this year. May the Lord greatly bless each one of you as you accept the challenge He offers you this year.

Sincerely in Christ:
James T. Jeremiah
President

Homecoming Agenda

- FRIDAY, OCT. 15, 1971
- 10:00 a.m. Women's Fellowship, Library
 - 3:00 p.m. College Trustees Meeting, College Library Conference Room
 - 7:00 p.m. President's Dinner — Special Guests — East Dining Room
 - 8:00 p.m. All School Variety Show — Alford Aud.
 - 8:30 p.m. Class of '66 Alumni Reunion — GSC Student Lounge
 - 10:00 p.m. (?) Pep Rally — Cedar Lake — lakeside introduction of soccer team plus cheers
- SATURDAY — HOMECOMING DAY October 16, 1971
- 8:00 a.m. College Trustees Meeting — College Library Conference Room
 - 9:00 a.m. Alumni Center Opens for Registration — Located in Tent west of Library
 - 10:00 a.m. Homecoming PARADE — Community Park to Campus via N. Main St. Parade groups will at the conclusion of the parade assemble at the New Science Center groundbreaking area — just west of the Alumni Center.
 - 10:30-10:40 a.m. Parade ends up at Alumni Center (west of the Library)
 - 10:45-11:00 a.m. New Science Center Groundbreaking Program — Dr. Jeremiah
Program Agenda
1. President
2. Clarence J. Brown
3. Cliff Johnson
4. Don Baumann
5. Lee Turner
6. Tom Younger
7. National Anthem
8. Groundbreaking
 - 11:00-11:25 Cross Country Meet — Northern Kentucky State College Meet begins and ends just east of the track and north of the tennis courts.
 - 11:00 a.m. Food Service for Students — Outside south parking area, weather permitting
Guests cost—
 - 11:30 a.m. Sky Dive by members of Greene County Parachute Club
 - 12:00 noon Alumni Center Noon Buffet — All you can eat — \$2.00 (Associates \$1.50) — Faculty and Staff welcome — Please pre-register at the Alumni Office to receive meal tickets.
 - 12:30-1:30 p.m. Alumni Center Program
—Installation of New Officers
—Awards
—Recognitions
—Reports
—Business Meeting
—Gab Sessions
—Information Booths with surprises
 - 1:00-2:00 p.m. Open House — Major Campus Buildings
 - 1:30-3:00 p.m. Alumni-Varsity Tennis Match
 - 3:00 p.m. Soccer Game (present Soccer Field)
Cedarville vs. University of Cincinnati
Half-time Ceremony
—Presentation of Homecoming Queen and Court — Ralph Perkins, President of Student Body
—Awards for Float Competition
Presented by the President of Alumni Association (Floats judged by an Alumni Committee)
 - 5:00 p.m. Cafeteria Meal
Cost for visitors—
 - 8:00 p.m. New Student Talent Night — Alford Auditorium (Student Body Project-Sponsored)

Science Center
Fact Sheet

Anticipated completion date: fall, 1972.
Location: west end of the campus.
The building:
1. Approximately 20,000 sq. ft. will be available for academic needs.
2. The center will be used for chemistry and physical science facilities. (The present building will house all biological sciences.)
3. Room space will include two large classrooms, a 150-seat lecture hall and a seminar room.
4. Seven large rooms will be a combination of classroom and laboratory facilities.
5. Additional faculty offices will be constructed.
6. A new observatory will be located to the west of the building.
The architect: Russell Jenkins of McLean, Virginia.

Christian Service
Projects Begin

Pastor Harold Green, Cedarville College pastor, has announced various openings available in the Christian service department.
Beginning with week-day assignments, students can be involved with Campus Evangelism, Bible clubs, or Swordbearers. Sunday service involves work in area rest homes, nursing homes, orphanages, junior churches, and jail service.
One phase of service is increasing the outreach of Cedarville's Christian Service Department. This year there are 25 Bible clubs with tentative plans for five more.

Professor Ballard
Gains Doctorate

by Pam Stallard

Dr. Stanley Ballard, professor in Cedarville College's Psychology Department, recently received his Counseling Psychology Degree from North Texas State University. He graduated in May of 1971 after completing his dissertation, "THE EFFECTS OF MOTIVATIONAL GROUP TECHNIQUES UPON SELECTED PERSONALITY AND BEHAVIOR VARIABLES" after working on it for four and one-half years.
Originally from Bellview, Michigan, Dr. Ballard graduated from Moody Bible Institute in 1954, received his B.H.T. from Baptist Bible Seminary, his Masters in Clinical Psychology from North Texas State University, and his Masters in Theology from the Dallas Theological Seminary.
Coming to Cedarville in the fall of 1965 as Dean of Men and part-time teacher, he is now Associate Professor of Psychology and Chairman of the Psychology Department. He is a member of several professional Clubs such as the American Personnel Guidance Association and will soon be a member of the American Psychology Association.
Asked about the main difference between a secular psychologist and a Christian psychologist, Dr. Ballard replied that a secular psychologist deals with the mind and body as being the whole man, while a Christian psychologist deals with the mind, body, and the soul. The Christian also has the scripture to aid him while also utilizing other traditional sources of information.

Today is the tomorrow
you worried about yesterday . . . Now you know why.

Dr. and Mrs. Jeremiah

SERVES 19 YEARS

President Devotes Life To Cedarville

by Marci Johnston

To tell about Dr. James T. Jeremiah's years at Cedarville College would be to write the history of the college itself. To begin to know the head administrator of the college is to know the man, his job, and how he feels about it.

Born on a farm in New York, Dr. Jeremiah became interested in Sunday School through a church basketball team and at age 19 was saved. From this time, God's leading in his life is very evident. Dr. Jeremiah is a graduate of Baptist Bible Seminary, Clarks Summit, Pennsylvania, and Central State University of Ohio. Preceding Dr. Jeremiah's arrival at Cedar-

ville College, he had a pastorate in Toledo for eleven years and then at Emmanuel Baptist Church in Dayton, Ohio for four years.

In 1953, Cedarville College was in deep trouble. Dr. Jeremiah was encouraged to serve as its President. Consequently, in addition to his ministerial duties, he commuted to Cedarville from Dayton twice a week. In 1954, he left Dayton and assumed the position of full-time acting President of Cedarville College.

Dr. and Mrs. Jeremiah have four children: two sons and two daughters. David is pastor of Blackhawk Baptist Church in Michigan. His youngest son, James, is presently attending Dallas Theological Seminary. His oldest daughter, Lois, is married to David Mills, a pastor in Michigan, and his youngest, Mary Alice, now teaches at Cedarville College.

Further study of Cedarville's previous history reveals that in 1954, Dr. Jeremiah's first year, 95 students were enrolled at the school. There were 10 faculty members, 9 buildings and a debt of over \$17,000. Now in his 18th year, Cedarville boasts an enrollment of nearly 1,000 students, approximately 60 excellently qualified professors in the faculty, and a budget that is operating well ahead.

Dr. Jeremiah puts his work into four basic categories. He is responsible for Business, Development, Student Personnel, and the Academic aspect of college, or the total college. In the execution of his job, he travels as much as 40,000 miles a year. His travels include visits to churches from coast to coast and a yearly visit to the Holy Land.

At present, he is involved in a \$1½ million dollar bond program to build a new student center and other facilities. Dr. Jeremiah's greatest dream for the college is to have a new chapel, one that will seat at least 2,000 people.

It is evident by the success of Cedarville College, that President Dr. James T. Jeremiah has loved the school and put his all into each aspect of its development.

Attitudes Benefited Through Counseling Service

A person's attitude toward himself has a profound influence upon his attitudes toward God, his family, his friends, his college experience, his future, and other significant areas of life.

One of the most significant additions to the Student Personnel Department is the professionally structured approach to Counseling Services.

This program is largely under the direction of Mr. Ken Nichols, Director of Student Activities. Mr. Don Rickard, Dean of Students, will be able to free Mr. Nichols for approximately twenty hours a week to devote entirely to Professional Counseling. Mr. Dick Walker, Resident Advisor and assistant to Mr. Nichols, will be taking on additional responsibilities in Student Activities.

The Counseling Service is offered routinely to students with academic difficulties, college adjustment problems, interpersonal conflicts, spiritual needs, pre-marital counseling, emotional instability, together with concerns in other areas.

This program is the first step toward an expanding service in the Professional Counseling field. The program is presently operating in conjunction with the already existing faculty counseling, as well as the professional counseling available through the Dean of Women, the Dean of Men, and the Dean of Students.

The Student Personnel Department has five full-time staff members with Master's Degrees in Counseling with a wide range of experiences and backgrounds.

CONFIDENTIALITY

No information is released to administration, faculty members, parents, or outside agencies without the student's

explicit authorization. Exceptions are made when there is a clear and immediate threat to the life and welfare of the student himself, or when the information gained will have a dramatic effect on the well-being of fellow students or the testimony of the College. Aside from these exceptions, information obtained in the course of

counseling remains confidential and in no way reflects upon the student's academic record or status at Cedarville College.

APPOINTMENTS

Initial appointments for counseling services can be made by dialing Ext. 289 or by stopping at the Activities Office in the Administration Building.

Station WCDR Completes Year

With the end of summer, WCDR-FM, Cedarville College radio station completed its first full year of daily operation in the station's history. This summer WCDR-FM, 90.1 M. H., carried daily operation under the supervision of station manager, Paul Gathany, and student manager, Wayne Shepard, along with the help of student announcers. Operation this summer was made possible entirely through gifts received expressly for summer radio.

WCDR is unique in that it is almost completely run by automation, something few college stations have. Everything from music to the United Press

International news services are mechanically cut into the daily programming.

Cedarville College's radio station, WCDR-FM, is different from many Christian stations, because its programming is not directed only toward the born-again believer but also the non-Christian. WCDR-FM has much secular easy-listening music as well as community announcements corners.

Any freshman, transfer, or returning upperclassman having experience in radio or interested in working at the station should contact Wayne Shepherd, WCDR student manager, for an audition.

Reflections Trio Travels Five States

by Nanci Layne

Learning new songs, traveling new places, and meeting new people were three of the thrills experienced by a Cedarville College musical tour group. The Reflections, Paula Prater, Becky Chandes, Cathy Burkard, and Carol Bierbaum, traveled 6533 miles this past summer through Iowa, Illinois, Indiana, Michigan, and Ohio. Using a total of 35 songs and a new film-strip of the Cedarville campus, the girls presented a Gospel program in many GARBC churches and two GARBC youth camps.

The summer was a time of learning for the Reflections. Along with spiritual training from the books of I John and I Timothy at Iowa Regular Baptist Camp, the girls learned recreational things, such as sailing a boat, water skiing on Lake Erie, and sleeping in the back of the chapel at Camp Patmos, Ohio. Because they were part of the camp staff during one of Patmos' senior weeks, the Reflections set good examples for the campers by arising early each morning, aided by the blar-

ing of the camp director's fog horn.

While on the nine-week musical tour, the Reflections had opportunities to answer questions concerning many aspects of Cedarville College along with the general topics of salvation, Christian experience, and Christian conduct.

As the Reflections shared their testimony for our Lord Jesus Christ and for Cedarville, they touched the lives of thousands of people in the states where they presented the gospel message.

Scouts Work with Campus Women

Buckeye Trails Girl Scout Council has scheduled the Campus Goal Outing for Sunday, October 17, 2-5 p.m. at Camp Greene, Grinnell Rd., Yellow Springs.

Girl Scouts, as well as other interested Campus women, are welcome. Campus Girl Scouts in Councils throughout the country are attuned to today's social problems and actively involved in carrying out the leadership, citizenship, and service ideals with which the Girl Scout movement has been identified for more than half a century.

Contact Mrs. Albert Garner at 767-7905 about Campus Girl Scouts. She will help students with transportation arrangements if necessary. College women at the ten Dayton area campuses are being invited.

Light refreshments will be served. Included in the afternoon are getting acquainted activities, a keynote talk about Campus Gold, and campfire activities.

Reservations should be in by Friday, October 15.

Mrs. Dixon

Faculty, cont. from p. 1

Masters of Education in Secondary English from the University of Tennessee. Mrs. Dixon served six years as a classroom teacher in language arts, establishing communication laboratories as well as working as a specialist in individual instruction and curriculum development. She has taken additional graduate hours in Administration and Supervision.

Joining the faculty of the Department of Psychology, as Associate Professor of Psychology, Mr. Robert Abbas holds an undergraduate degree in Music Education from Northwestern College in Minnesota, and in biology from Wartburg College in Waverly, Iowa. He received his Master in Educational Psychology and Guidance from the University of Northern Colorado in 1965, and his dissertation toward his Ph. D. in counseling and student personnel services is pending from the University of Missouri, Columbia. Mr. Abbas has gained educational experience from Iowa school systems teaching as a high school counselor. He served as admissions counselor in biology as well as serving for Iowa Eastern Community College in Council Bluffs, Iowa, and recently worked as administrative assistant in the Housing Office of the University of Missouri.

Initiation 1971...

... And the day began. The sounds of village chimes, mingled with the voices of the mighty sophomores, beckoned the unsuspecting freshmen from their secure rooms into a night filled with the unknown.

Photos by Roy Kern
Layout by Merla Hammack
Copy by Jayne Eberling

"the illimitable, silent, never-resting thing called Time" (Carlyle)

... the onward course ...

Some gathered with intensive fear, concealed from the unknowing eye with smiles of anticipation. Some, scampering on tip toes, headed with anxiety toward only one destination — the Sophomore Headquarters.

Sophomore President, Sir Dan Estes, knowing the benefits of freshman physical exhaustion, marshalled his forces together. Endurance was the key motive as the early birds jumped, kicked, and crawled (all just to get the worm?).

hup-two-three-four ...

gettin' together

I said,
"put that head
in the cement."

'...and You Are There'

WALTER CRONKITE

The sun climbed to the sky as the freshmen were officially labeled—The FROSH. Line after line of the little eager beavers, awaiting The Beanie, crowded the lobby of the Sophomore headquarters.

The fun and games continued for the sophomores as the FROSH rushed to and fro, fulfilling commands made by their respected upperclassmen. On six legs, four legs, and two legs, the FROSH crawled, clumped, and clung as they clamored for attention and the white receipt.

... frosh do need attention

1,000,793;
1,000,794;
1,000,795 ...

Friday came and went. Saturday arrived, and Kangaroo Kourt was called to order. Presiding over the 20-man jury, Judge William Potter dealt out sentence after sentence. No one was to escape punishment, for as court was adjourned, three hundred freshmen flocked to the floor, in efforts to recover their foot wear.

off and walking

she suffers ...

... as he speaks

they wait ...

THE SWORDBEARERS recently completed a two-week summer tour and are now planning the Annual Swordbearers Convention for November 6, 1971.

Swordbearers Travel in Mid-West Ministry

Editor's Note: The following article was written by Swordbearers' member Susan Selden and provides a special insight into the tour through her actual experience.

by Susan Selden

Anticipation, excitement, and expectation glowed in the faces of seventeen Cedarville students and their advisor, Stan Seavers, as we loaded two college vans Friday morning, September 17, 1971. In the next ten days we were to travel over 2,000 miles and minister in nine Mid-western churches.

There was a bit of nervous hesitation about what the next ten days would reveal in our lives and the lives of those we met. However, we realized more than ever that God had brought us together for one purpose — to challenge youth to commit every area of their lives completely unto the Lord.

During the tour we dealt with youth-centered problems through seminars on Evangelism, Drugs, The Establishment, and Dating. Through

these seminar discussions we became close friends with young people and were able to sense their needs and help them individually. Our hearts nearly burst when afterwards someone would come up to us and say: "You really helped. You understand what it's like. You've got problems, too, and you've helped us learn how to cope with them. You guys are real people!"

Our day always began with group devotions and prayer. This was a time when we would share special requests and burdens, search our own hearts, and place ourselves, the new day, and the up-coming meeting totally into

the Lord's hands.

Staying in the different homes gave us the opportunity to learn how the Lord was working in that specific area and better enabled us to pray more effectively for the people and their work. The love expressed to us in these homes will always be remembered as a highlight of the tour, and when we moved on, our hosts had become our best friends.

Living with each other for ten days was also quite an experience! Each of us began to really understand the meaning of love and encouragement as Christ worked in each of our lives, giving us a special concern for everyone else on tour. We saw the need for fervent prayer on behalf of everyone who had a part in the program, and all of us shared enthusiasm as we saw results through music, testimonies, gospel magic, preaching, and seminars.

Brass Sextet Covers 10,000 Miles

The Cedarville College Brass Sextet covered over 10,000 miles this past summer from June 13 to August 16 for the sole purpose of glorifying the Name of the Lord Jesus Christ. The sextet, composed of Tim Hegg, trumpet; Tim Barker, trumpet; Kevin Sims, trumpet; Mark Sloan, trombone; Dave Webber, trombone; and Loren Small, tuba, visited approximately thirty churches as they traveled through Ohio, Michigan, Indiana, Pennsylvania, New York, Connecticut, and West Virginia.

Several camp visits were included in the summer tour. The Cedarville sextet visited a camp at Lake Ann, Michigan, at Schroon Lake, New York and at Skyview, near Millersburg, Ohio.

All traveling expenses for the group were paid through contributions from the churches and camps. The group of four sophomores and two juniors is currently rehearsing for their music service this fall quarter.

Changes Modify Campus Look

This summer while most of the Cedarville College students were away from the college, changes and improvements were being made on campus.

The two biggest improvements were made at Harriman and South Hall, both located to the east of the main campus. Both dorms were completely remodeled inside; the hall ways and rooms in both dorms are painted green and blue; the downstairs rest rooms now have tub and shower combinations and all floor space (except in the restrooms and pop and candy area) is carpeted with either green or rust carpeting. White draperies are the latest addition.

Renovation also involved two men's dorms this summer. Gaining a new lounge is the newest improvement on Patterson Hall, while Williams Hall has new carpeting in the hallways. Both Patterson and Williams have new windows.

New construction has also been directed to the athletic field, where a new concession stand with restrooms is in the process of being built. Another new building near the athletic field, a steel, dome-shaped building is for the athletic equipment.

Young Marrieds Take Over Resident Advisory Positions

by Becky Kemble and Rex Rogers

Joining the personnel staff at Cedarville College this year is Mrs. James Rosa, the new Resident Advisor at Faith Hall.

An Iowan, Mrs. Rosa graduated with a B.R.E. from Baptist Bible College. During her years at BBC she worked in churches with youth groups and also in Campus Evangelism. Participation in Bible studies was another of the major activities in Mrs. Rosa's college life.

Looking over the past year, Mrs. Rosa commented that there were many factors in her decision to come to Cedarville. One reason concerned Mr. Rosa's vocational training which is Elementary Education. Secondly, after reading Francis Schaffner's wife's book, *L'Abri*, Mrs. Rosa saw the ministry she could be involved in while her husband completed college. Not knowing about the position which she now holds, she and her husband prayed about some type of work. God saw that the door was opened.

The Faith Hall dorm father, Mr. James Rosa, is from N.Y.C. He attended BBC for three years. Mr. Rosa spent two years in the army, one of which he spent in Germany. While there, he was associated with the Navigators, a Christian group that has Bible studies with the armed forces.

Mrs. Rosa's attitude in accepting this position is one of anticipation, opening herself and her life to help and assist the girls in any way God would choose to use her. "With my own experience of dorm living being only a short time ago, I know many of the problems and difficulties involved in dorm living. I desire to make the dorm more of a home atmosphere, instead of just a residence hall, and encourage an attitude of family love

Mr. and Mrs. Walker

and unity," she concluded.

Mr. Richard Walker has been appointed as the new resident advisor at Cedarville College men's residence hall, Cedar Park. Mr. Walker, a native of Fostoria, Ohio, graduated from Bowling Green State University in 1968. He received a Bachelor of Science degree in Business Administration. In July of the same year, Mr. Walker entered the Navy for a two year stretch, being discharged as a junior officer. He was employed by Cedarville College for the academic year 1970-71, as Director of Intramurals, and also served as coach for the junior varsity basketball team.

Mr. Walker has returned this fall to work as Director of Intramurals as well as resident advisor at Cedar Park. He was married on Aug. 28, 1971 to the former Linda Matson, a '71 graduate of Cedarville. Mr. and Mrs. Walker are currently residing in Unit 6 at Cedar Park.

Mr. and Mrs. Rosa

College Music Groups Organize Season's Programs

Another year — just not the group will be to mold the another Cedarville Choir — the upcoming year promises to reach new heights in the music realm, under the direction of David Matson. The thirty-two upperclassmen returning to the Choir, will interfuse their experience with sixteen new members. Three of the nine freshmen chosen for the choir are national contest winners and will add number to the soprano section. Serving as student leader for the group, Buddy McNiece was elected Choir president.

Looking ahead, the College Choir will travel in the Buckeye, Hoosier, Prairie, and Wolverine States on their Spring tour. The main emphasis this quarter for

the group will be to mold the Choir into a balanced and blended group of voices for the praise of God and to prepare for their Christmas oratorio participation.

The Choralaires, under the directorship of new faculty member Lyle Anderson, will incorporate folk, spiritual, popular, patriotic, and Broadway tunes — "the Music of America" — into their program this season. The forty-five members, accompanied by Paul Becler, have two definite concert dates, Feb. 19 and April 21. The Choralaires are desiring for an open door into many jr. and sr. high schools and colleges to present the unique claims of Christ, according to Mr. Anderson.

To the Student Body,

In returning to school each year, I find myself asking everyone what they did during the past summer. For the past few months, students were engaged in a vast range of activities from summer missionaries to doing magic shows at Cedar Point. I even heard of one Cedarville student who claimed to have worked.

No matter what you have done, we are all here working toward some basic goals. It's good to see you here, whether back from last year or here for the first time. I count it a privilege to welcome each of you here, and I trust that through Christ we will reach each goal that is set before us.

Student Body President,
Ralph Perkins

Flag Football Season Begins; Changes Made

Beginning another year of intramural sports competition, the seven-team intramural flag football league swung into action this week with a full slate of games.

Dick Walker, co-ordinator of the intramural sports program, has made some changes in this year's set-up the biggest being the formation of one seven-team division to replace last year's eight team, two divisional league. That means that all teams will be ranked together according to their record, instead of separated into two divisions and ranked with teams in their respective divisions.

Teams participating in the 1971 flag football competition are defending champion Bethel, Patterson, Williams, Off Campus, and Cedar Park 1-8, 9-15, and 16-21.

This represents the changing of many team assignments, including the addition of Patterson, now a boys' dorm, combining of Upper and Lower Williams into one team, and the fielding of three Cedar Park teams instead of four.

Each squad will play six regular season games through the month of October, with the top four finishers involved in a post-

BULLETIN

The Cedarville College Yellowjackets soccer team defeated defending Mid-Ohio Conference champion Wilmington, 4-2, Wednesday at Cedarville.

The win improves Cedarville's overall record to 3-1 and standings with a 2-0 mark.

season playoff early in November for the intramural championship. In case of a tie in season standings, playoff position will be determined by computing each team's winning margin (points scored minus points scored against).

All games are played in the field behind Maddox Hall, with a contest scheduled each weekday at 4 p.m. and Saturdays at 10:30 a.m.

The official National Flag Football rules will be used in officiating the games.

Soccer Team Extends Record To 3-1 Overall

The Cedarville College soccer team won two of their first three matches, downing Bluffton 7-1, Wittenberg 2-1, and losing to Asbury, 3-1.

Freshman Larry Ballback scored four goals to pace the Jackets in the Bluffton match, while Jim Cavey added two and Randy Bailey one. Assists were credited to Warren Jenkins (3), Steve Spencer, Phil McMillen and Larry Ballback (1). Offensively, the Jackets outshot Bluffton, 54-9.

Randy Bailey and Larry Ballback each connected for a goal to give Cedarville the edge over Wittenberg.

Although they outshot them 35-11, the Jackets were unable to beat Asbury, as Randy Bailey was the only one to register a

Paul Berry Assumes Role As Soccer, Baseball Coach

Assuming new coaching responsibilities has been Paul Berry, appointed as head soccer and baseball coach at Cedarville College for the 1971-72 school year.

A 1966 graduate of California State at Long Beach with a B.A. degree, Berry comes to Cedarville from Ambassador Christian High School in Los Angeles, where he served as football, basketball, and baseball coach.

Berry was born and raised in Los Angeles, and has always been active in sports, setting a record for most wins as a baseball pitcher while attending Biola College, and leading his baseball team in hitting, as well as being named most valuable player his senior year at California State.

In his five years at Ambassador High School, his basketball squads compiled a winning 64-36 mark, winning two league championships, while his football and baseball teams compiled records of 17-10 and 35-20 respectively.

Interested in Cedarville

It was while on a Venture for Victory tour in 1969 that he met Dr. Don Calland, Cedarville's basketball coach, and became interested in the college.

Berry hopes to establish winning soccer and baseball squads at Cedarville, stressing individual Christian effort and development through participation in athletics, as a prerequisite to a winning team.

Berry, who resides with his wife, Carolyn, in Cedarville, replaces Randy Ross and Dr. Callan as soccer and baseball coaches respectively.

Coach Paul Berry

Major League Records; Sports Quiz

Another major league baseball season is over, and the World Series between the Baltimore Orioles and Pittsburgh Pirates near completion.

But before attention is directed to other major league sports, such as football, basketball and hockey, opportunity is given to test knowledge of some of the many, many records

which have been set over the years by various major league players.

A score of seven or eight is excellent; six, very good; four or five, good; two or three, fair; one, poor; and zero, not really trying.

1. Who holds the record for most strikeouts in a season (382)? (a) Bob Gibson (St. Louis NL) (b) Sandy Koufax (Los Angeles NL) (c) Whitey Ford (New York AL) (d) Christy Mathewson (New York NL)

2. Who has hit the most home runs in World Series play (18)? (a) Mickey Mantle (New York AL) (b) Babe Ruth (New York AL) (c) Stan Musial (St. Louis NL) (d) Lou Gehrig (New York AL)

3. The New York Yankees have won more World Series than any other major league team. How many? (a) 18 (b) 22 (c) 20 (d) 16

4. Who hit the most grand slams during his career (23)? (a) Babe Ruth (New York AL) (b) Joe Adcock (Milwaukee NL) (c) Lou Gehrig (New York AL) (d) Link Lowe Boston NL)

5. Who holds the record for most runs-batted-in during a World Series game (6)? (a) Lou Brock (St. Louis NL) (b) Dusty Rhodes (New York NL) (c) Jim Northrup (Detroit AL) (d) Bobby Richardson (New York AL)

6. The youngest major league player of all time was (Age 15 yrs., 10 mos., 11 days): (a) Joe Nuxhall (Cincinnati NL) (b) "Piano Legs" Gore (Chicago NL) (c) Vic Power (Cleveland AL) (d) Max Carey (Pittsburgh NL)

7. Who has been on a world championship club more than any other player (10)? (a) Babe Ruth (New York AL) (b) Lou Gehrig (New York AL) (c) Mickey Mantle (New York AL) (d) Yogi Berra (New York AL)

8. Who holds the record for runs-batted-in during a regular season game (12)? (a) George Sisler (St. Louis AL) (b) Joe DiMaggio (New York AL) (c) Jim Bottomley (St. Louis NL) (d) Jim Gentile (Baltimore AL)

Sports Quiz Answers: (1) b (2) a (3) c (4) c (5) d (6) a (7) d (8) c.

CEDARVILLE SOCCER FANS look on as the Yellow Jackets down Bluffton last Saturday afternoon. Similar crowds frequent the home games and more crowds and more excitement are anticipated as Cedarville faces the University of Cincinnati in their Homecoming game, tomorrow at 3:00.

Fall Tennis
Is Initiated

This year the tennis team under Dr. Murdoch is taking a big step forward by introducing fall tennis. The varsity squad will play four matches this fall, including one match with alumni. The first intercollegiate match was played October 6, at Wilmington with Cedarville coming out on top 7-2. On October 13, the Jackets played Findlay and on October 23 they meet Bluffton.

As usual, the main emphasis has been on recruiting with a great number of freshmen coming out this year. As a result, several of the veterans have been hard-pressed to hold down their positions on the team. Out of the 13 men who came out for fall tennis, 7 of them were freshmen, with only three men back from last year. The young talent recruited by Murdoch during the summer has really come through, as four men in the top eight positions are freshmen.

The fourth match scheduled this fall is with the alumni and it is to be played during Homecoming.

most-part-unknown sport of cross country.

So, in an attempt to help you better understand it, perhaps it would be beneficial to explain the scoring procedure used to determine the winner of any given meet. Here we go.

First of all, each team has seven runners, five who can score, and two who can displace runners on the opponent's squad. Therefore, when the 14 participants come in, they are placed according to the order in which they crossed the finish line, with the first five players on each team given the same number of points as their placing (for example, a seventh-place finish would not mean seven points.)

A team's sixth and seventh men, although not scoring, may finish ahead of any of the top five placers on the opponent's squad, forcing them to a lower position and thus giving them more points.

Now we'll illustrate all this jargon with an example. Cedarville is playing in a dual meet. Seven runners finish in places 1, 3, 4, 7, 9, 10, 12, while the opponent finishes 2, 5, 6, 8, 11, 13, 14. Adding up the points of Cedarville's top five placers, you get a five finishers total 32. Low total wins, so Cedarville would come out the victor, 24-32.

CEDARVILLE COLLEGE SOCCER STANDOUT, Phil McMillen moves in on Bluffton opponent during last Saturday's contest.

Veteran Soccer Team for '71

Most colleges have football. For Cedarville, however, it's soccer—and soccer it is.

Last year, for instance, the Yellowjackets came up with a 7-8-1 mark, which on the surface

doesn't look too impressive. But as one investigates further, he discovers that they played and lost their first four games on a road tour of the east before the beginning of school. After that, it was all uphill as the Yellowjackets rebounded to win seven of their last 12 matches, tying their Homecoming game with Walsh, to finish in sole possession of second place in the Mid-Ohio Conference.

This year the Yellowjackets are optimistic. Sporting a new look (head coach Paul Berry), the Jackets quickly turn veteran as a look at the team roster attests.

Displaying their veteran ability, which helped them to finish strongly last year, the Jackets swept two of their first three matches, defeating Bluffton 7-1, Wittenberg 2-1, and losing to Asbury 3-1.

Senior team members abound, giving indication of an experienced squad. They include second team all-state pick Bob Austin, Jim Cavey, Jim Greening, Warren Jenkins, all M.O.S. goalie Clif Jensen, Phil Moon, Randy Erickson, John Rooke (co-captain), all-M.O.C. pick Craig Stillwell (co-captain), Louis Tewis, and Jeff Woodcock.

Freshman Larry Ballbac scored four goals in Cedarville's first contest to jump into the team scoring lead, adding one against Wittenberg. Perhaps most impressive, however, is the teamwork displayed on the field, as the Jackets work enthusiastically toward another goal and

another win.

Yes, it takes teamwork and desire. In addition to the standouts, it takes dedicated players who seldom get any mention. Those the Jackets have.

Completing the roster, more experience is found with juniors Randy Baily, Tom Farlow, Tom Knowles, Doug Hess, Tim Sanderlin, and Mark Stephenson, as well as sophomores Ernie Benson, Bob Mahl, Phil McMillen, Steve Spencer, Don Schill, Greg Smith, and Ron Wita.

Tomorrow the University of Cincinnati tries its luck against Paul Berry's Yellowjackets in a match beginning at 3 p.m.

Varsity Soccer Schedule

Date	Opponent	Place
Oct. 20	Wright State	Home
Oct. 23	Kenyon	Away
Oct. 26	Defiance	Away
Oct. 28	Urbana	Home
Oct. 30	Walsh	Away
Nov. 4	Malone	Away
Nov. 10	Miami Univ.	Home
Nov. 13	Asbury	Home

Field Hockey
To Begin Soon

Field hockey season for the Cedarville College Jockettes will be getting underway in a little more than a week.

Returning players this season will be Sally Miller, Pam Branning, Bev Pestel, Elaine Kalmbach, Brenda Tompkins, and Marsha Sawicki. There are six new players as well this year.

Two factors, that of the new defense and the shorter amount of practicing due to our school's late starting date, could prove to be hampering to the team. However, all but two of the girls have had at least one year of previous playing experience. The girls feel that the hardest team to beat may be Wittenberg, who defeated them last year.

Their first encounter is scheduled for October 18th at 4:00 o'clock at the University of Cincinnati.

Field Hockey Schedule

*Oct. 18, University of Cincinnati, 4:00, away.
*Oct. 20, University of Dayton, 3:30, home.
*Oct. 23, University of Dayton, 10:30, away.
*Oct. 30, Ashland College, 11:00, home.
*Nov. 1, University of Cincinnati, 4:00, home.
Nov. 3, Wittenberg University, 4:00, away.
Nov. 6, Miami Valley Selection, 9:00, at Earlham.
*Signifies conference game.

Cross Country Squad Improves
After Slow Start; Prospects Good

Despite a slow start, coach Elvin King is confident of a successful season for Cedarville's 1971 cross country squad.

After finishing 11th in a field of 13 teams at the Adrian Invitational, and losing a dual match to Findlay, 23-33, Cedarville's harriers have rebounded to finish 5th in a field of 13 teams at the Marion Invitational and knock off Bluffton College, 22-37.

Reason for much of King's optimism lies in the fact that four of the runners who represented Cedarville in the nationals at Kansas City last year have returned to bolster the squad. They are senior Steve Jones, juniors Bob Wood and Ernie Welborn, and sophomore Steve Gruber.

Gruber was high point man in track last year, and was voted

most valuable athlete while a high school student in Greenville, Ohio. Welborn, who holds the school record in the 440, 880 yard dash, went to the NAIA nationals at Billings, Montana last June, competing in the 880.

Other returnees from the 1970 squad, which posted a 14-2 record, are senior Steve Jones, junior Mark Alexander, and sophomore Ed Howell.

Freshmen and transfer students completing the team roster, include Andy Cole and Jeff Gallagher, both transfer students, and Jim Chambers, Bud Cronbaugh and John Hutchison, freshmen.

Commenting on the team's initial results, King said, "We got off to a slow start for two reasons. For one, Welborn, Jones, Gruber, and Jewell were unable to come to training camp, and secondly, we start later than other schools."

Commenting further, King added, "Now we are approaching full strength, and as the season progresses, I'm confident we'll be even more successful."

According to King, the team hopes this year to improve its position in the big meets (conference and district) in anticipation of making a return trip to Kansas City.

Steve Gruber goes through the paces.
